### **Prestige Capital Management makes new hire for Malta operation**

MALTA, November 2016: Prestige Capital Management Limited (PCM) is pleased to announce the appointment of Jonathan Scott as Chief Operating Officer with its Malta based, investment-operations office. Jonathan has a career in financial services spanning over 16 years, split between the United Kingdom and the United States of America with international investment banking groups Credit Suisse, Barclays Capital, BNP Paribas and JP Morgan Chase.

He studied at Texas A&M University, a senior military college, where he was awarded a Bachelor of Business Administration in Finance with a Certificate in International Business, and spent four years with the US Air Force Reserve Officer Training Corps.

Jonathan brings to Prestige a wide range of operations, investments, risk management, and financial related experience gained from his career in investment banking. He can draw on an extensive background in international investment management and operations.

Craig Reeves, Founder of Prestige Capital Management, said: "We're excited by the appointment of Jonathan to our expanding team. People of his calibre are always sought and it is encouraging to see that both Prestige and Malta are increasingly able to attract this level of talent. With an expanding operation in Malta, we need personnel with Jonathan's experience to facilitate our growth plans and to meet the increasing expectations of our institutional clients."

In 2015 PCM obtained full scope AIFMD capabilities and now operates both Malta and Luxembourg-domiciled SICAVs. It also moved to new premises in a larger office complex in Naxxar, on the north side of the island, to meet the needs of the growing business and associated increase in personnel.

PCM opened its original office in Malta in Spring 2011 and currently provides a central investment management, risk management and accounting function for its Malta and Luxembourg-domiciled SICAVs, along with providing various support services for non-regulated administration-based activities of affiliated Prestige companies.

END

## ABOUT PRESTIGE CAPITAL MANAGEMENT LIMITED (PCM):

Established in 2011, PCM is a Malta-based investment management company. The company specialises in international alternative investments and is responsible for the EU regulated management and operation of Malta and Luxembourg-domiciled (SICAV) Funds. It currently provides a central investment management, risk management and accounting function for its Malta and Luxembourg SICAVs, as well as providing various support services for non-regulated administration-based activities of affiliated Prestige companies.

The PCM team is able to draw upon a wealth of research and background due diligence capabilities in both quantitative and qualitative fields. Members of the team, its Board Advisors and Affiliates have served on numerous boards of financial institutions, international funds, asset management and wealth management groups. The company is entirely privately owned by its senior management.
